CAPITAL IMPROVEMENT PROGRAM AND DEBT MANAGEMENT

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program (CIP) is a five-year fiscal planning instrument that is used to identify needed capital projects and select the appropriate financing and timing for those projects. Projects budgeted in the CIP generally include:

- Acquisition of land.
- Construction of a new facility or an expansion of an existing facility.
- A non-recurring rehabilitation or a major repair to all or part of a building or its grounds. This should have a cost exceeding \$100,000 and a useful life exceeding 10 years.
- Planning, design, or engineering related to a capital improvement or other program.

The CIP is prepared annually based on submissions from the City's various departments. Projects are reviewed by the City's Leadership Team, which evaluates how each project meets Council goals, objectives, and requirements, as well as staff-defined criteria such as improving public safety and increasing organizational efficiency.

Using the Leadership Team's ranking, a financing strategy is developed by the Office of Management and Budget based on the Five-Year Financial Forecast. By City ordinance, the CIP must be presented to City Council 120 days prior to the start of the new fiscal year. The first year of the plan serves as the coming year's capital budget and encompasses the appropriations needed for the next fiscal year. The subsequent four years of the plan are planning years and subject to annual appropriation by City Council.

The following section summarizes the Capital Improvement Program. A separate document has been prepared with specific details on existing and planned projects and can be reviewed in the Office of Management and Budget or on the City's website. Please note that capital equipment such as fire apparatus, heavy equipment, and other vehicles are not planned in the CIP process. These expenditures are planned and budgeted through the operating budget process.

CAPITAL IMPROVEMENT PROGRAM PROCESS

DEPARTMENT PREPARATION (AUGUST-OCTOBER): Departments prepare requests for projects based on identified needs in the City. Projects submitted include continuation projects as well as new projects determined to be needed by the department.

STAFF REVIEW AND RANKING (NOVEMBER-DECEMBER): The Office of Management and Budget reviews all project requests. As part of the process, a committee of representatives from Public Works and Parks and Recreation reviews all projects to determine the full operating impact associated with

each project. A Leadership Team committee is convened to review and rank all projects. Its efforts are guided by the following criteria:

- Mitigates Risk to Public Safety or Health
- Improves Deteriorated Infrastructure
- Systematic Replacement of Existing Infrastructure
- Improves Operational Efficiency
- Coordinates with Other Projects and Requirements
- Equitable Provision of Services and Facilities
- Protects and Conserves Resources
- Provides New or Substantially Expanded Facility
- Promotes Economic Development

The Leadership Team committee then ranks the projects based on community needs and demands. This ranking provides the foundation for determining which projects should be funded first. Projects are placed into one of four groups:

- Group A: Special priority projects, an effort should be made to find sufficient funding for all projects in this group.
- Group B: Projects that should be done as funding becomes available.
- Group C: Projects to be considered if funding is available; may be deferred to a subsequent year.
- Group D: Desirable, but not essential, projects.

FIVE-YEAR FORECAST (JANUARY): The Office of Management and Budget presents to City Council a five-year financial forecast on the major governmental and proprietary funds with an impact on operating and capital expenditures. This forecast includes projected revenues, projected operating expenditures, and the adopted CIP to show the impact current trends will have on the City's financial health. The Office of Management and Budget uses this forecast as its basis for determining pay-as-you-go financing and the ability of the City to handle additional debt service related to capital projects.

FINANCING DEVELOPED (FEBRUARY): Taking the Leadership Team's ranking and the data in the five-year financial forecast, the Office of Management and Budget prepares a financing strategy for the proposed CIP based on projected pay-as-you-go funds and debt service capacity. The financing strategy is proposed to the City Manager and the Leadership Team and is refined based on their feedback. Once complete, the document is prepared for delivery to City Council.

COUNCIL DELIBERATION AND APPROVAL (MARCH-JUNE): The CIP is delivered to City Council, which refers the document to the Planning Commission. Upon finding that the CIP meets the intent of the City's Comprehensive Plan, the City Council holds several work sessions to discuss, review, and modify the proposed CIP.

City Council adopts the CIP concurrently with the Operating Budget and appropriates the first year of the CIP by ordinance. As the second through fifth years of the CIP are subject to future appropriation, the City Council adopts the plan through a resolution of intent.

FY 2013-14 CAPITAL BUDGET REVENUES

The funding for the FY 2013-14 Capital Budget totals \$7,384,000 and is derived from the following sources:

General Fund, \$1,526,000,21%

Enterprise Funds/Bonds, \$3,464,000,47%

Tourism Taxes, TIFs, Other, \$2,394,000, 32%

TOTAL FY 2013-14 CAPITAL BUDGET REVENUES: \$7,384,000

Fund availability is determined through the City's Five-Year Financial Forecast. Estimates of current year and future year funding are based on historic trends. Projects are also scheduled to maintain established benchmarks on fund health (fund balance requirements, coverage ratios, etc.). The amounts in the chart above have been listed in each specific fund.

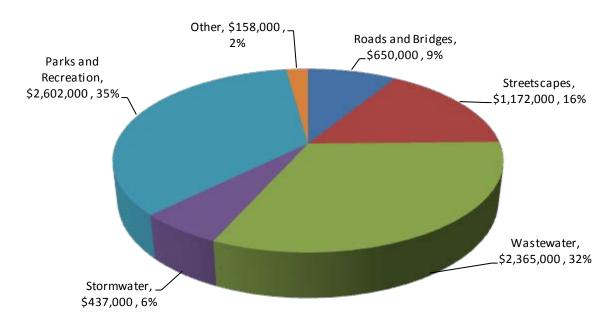

Debt Issuances

The FY 2013-14 Capital Budget includes two debt issuances and one debt issuance cancellation in it:

- \$1,555,000 expansion of a previously approved Sanitary Sewer Revenue Bond for wastewater improvements.
- \$1,989,000 West End Tax Increment Bond for the Rhett/Camperdown Improvements is being cancelled. Pay-as-you-go funding from the West End Property Acquisition project is being redirected to the Rhett/Camperdown Improvements project in order to avoid the debt issuance.
- \$220,000 expansion of a previously approved lease purchase to acquire a new telephone system that now has a total budget of \$695,000.

FY 2013-14 CAPITAL BUDGET EXPENDITURES

TOTAL FY 2013-14 CAPITAL BUDGET EXPENDITURES: \$7,384,000

Roads and Bridges (Total FY 2013-14 Funding: \$650,000)

NSTEP - New Sidewalk Targeted Expansion Program (\$250,000): Project continues effort to construct sidewalks on one side of every street.

Street Resurfacing (\$250,000): This will appropriate \$250,000 to match the Greenville County Transportation Committee's resurfacing match program. The FY 2013-14 budget would provide for the resurfacing of four lane miles.

Salters Road Improvements (\$150,000): This is for the City's share for construction of the project currently managed by the State Department of Transportation and is the last year of City funding.

Streetscapes (Total FY 2013-14 Funding: \$1,172,000)

Rhett/Camperdown Improvements (\$150,000): This will provide additional funding to streetscape Camperdown Way between Main Street and Academy Street and Rhett Street between Camperdown Way and River Street. FY 2013-14 funding adds a mast arm to Phase I (Camperdown Way and Rhett Street from Camperdown to River).

Augusta Street Streetscaping - Baseball Stadium (\$40,000): This project will extend streetscaping along both sides of Augusta Street between South Main Street and Dunbar Street. Funding in FY 2013-14 will design improvements.

Broad Street Pedestrian Lighting (\$128,000): This project will install 20 pedestrian lights along East Broad Street between Main Street and the Church Street overpass.

Downtown Streetscapes (\$165,000): Funding allows for streetscape and pedestrian improvements on Coffee Street, East North Street, East Washington Street, and at the Falls Park/Bowater pedestrian way between Japanese Dogwood Lane and the Liberty Bridge.

North Main Street - Landmark Building (\$134,000): Funding allows for streetscape improvement on North Main Street between Beattie/College Street and Elford Street consistent with the streetscape between Elford Street and Academy Street on North Main Street.

Spring/Falls Street Streetscape (\$25,000): This project would provide streetscape improvements on Spring Street and Falls Street between East North Street and East Camperdown Way, in order to improve the appearance, functionality, and sustainability of this corridor. Funding in FY 2013-14 will design improvements.

Viola Streetscaping (\$280,000): This project will provide streetscape and other public improvements in the Viola/Pete Hollis area.

West Camperdown Way (\$250,000): This project will improve the pedestrian experience on West Camperdown Way between River and Academy Streets, including improved lighting.

Wastewater (Total FY 2013-14 Funding: \$2,365,000)

Wastewater System Survey and Model (\$65,000): This is a multi-year project to provide a detailed survey and flow capacity model for the City's wastewater system.

Basin 7 Sewer Rehabilitation (\$1,900,000): This will provide funding to implement system improvements in Basin 7.

Basin 15 Sewer Rehabilitation (\$400,000): This will provide funding to implement system improvements in Basin 15.

Stormwater (Total FY 2013-14 Funding: \$437,000)

Henderson Basin (-\$1,398,000): Unspent funds are being redirected to other projects as infrastructure is complete and flood plain remapping is underway.

Pinehurst Culvert Crossing Improvement (\$435,000): Project will replace an undersized culvert crossing at Pinehurst Drive.

White Oak Basin Phase II (\$1,000,000): Project will provide additional detention and piping and infrastructure upgrades along Campbell Street and Karen Drive based on a detailed flood analysis that revealed flooding in those areas.

Richland Creek Water Quality Master Plan (\$300,000): Project would study improvements in water quality along Richland Creek now that flooding improvements are underway.

North Hills Area Stormwater Improvements (\$100,000): This project will identify storm drainage improvements in the North Hills area, and includes a culvert replacement and curb, gutter, and storm drainage.

Parks and Recreation (Total FY 2013-14 Funding: \$2,602,000)

Main Street Tree Rehabilitation (\$150,000): Funding is part of a multi-year program to gradually replace the tree canopy along Main Street. This project will also repair buckled and broken sidewalks along Main Street caused by tree roots.

River Street Underpass (\$350,000): This project will build an underpass trail beneath the River Street bridge. This project will also provide a bike route to divert bike traffic on the Swamp Rabbit Trail around Falls Park.

McPherson Park Bridges Rehabilitation (\$120,000): Project will rehabilitate the five pedestrian bridges in McPherson Park.

Cancer Survivors Park (\$630,000): Project funds the City's contribution in conjunction with private fundraising to build Cancer Survivors Park between Falls Park and Cleveland Park.

NEXT Trail Connector (\$606,000): Project will build a trail connection from Church Street to the Swamp Rabbit Trail at the NEXT building.

Cleveland Park Horse Stables (\$30,000): Funding will demolish the horse stables that are part of the recent land donation to the City. No other construction funding is included until future plans are determined.

Greenville Dog Parks (\$75,000): Funding will be used to assist the Greenville Humane Society with the construction of a dog park at their facility at 305 Airport Road.

Greenville Tech Trailhead (\$125,000): Funding allows for the development of a trailhead on the Greenville Tech Campus off of Cleveland Street.

Hudson Street Trailhead (\$225,000): This project funds a 55-car parking lot and trailhead facility at the City-owned property at 320 South Hudson Street. It will replace the informal lot across from Linky Stone Park.

Swamp Rabbit Trail Rubber Surface Replacement (\$145,000): Funding allows for the replacement of the rubber surfacing with asphalt paving along the Hincapie Path section of the Swamp Rabbit Trail, between Woodland Way and Faris Road.

Viola Center and Park Improvements (\$146,000): This project will make improvements to the Viola Center and the adjoining park in the Viola neighborhood.

Economic Development (Total FY 2013-14 Funding: -\$1,800,000)

Commercial Corridors (\$300,000): This will provide funding for small infrastructure projects along Haywood Road, Laurens Road, Pleasantburg Drive, Wade Hampton Boulevard, and Augusta Street. Work includes streetscaping, landscaping, and other public infrastructure improvements to revitalize the City's commercial corridors.

West End Property Acquisition (-\$2,500,000): This project is cancelled and funds are being redirected from this project in order to avoid a debt issuance for Rhett/Camperdown Improvements project.

TD Convention Center Chiller Plant (\$300,000): Project will rebuild the chiller units at the TD Convention Center.

TD Convention Center Conference Center (\$100,000): This project designs multiple aesthetic upgrades to the Center including caulking, divider wall repairs, and floor resurfacing.

Public Safety (Total FY 2013-14 Funding: \$680,000)

Public Safety Cameras (\$500,000): In FY 2013-14, this project will add 6 cameras downtown and replace 23 cameras downtown and at Haywood Mall.

Station Alerting System (\$180,000): This project will upgrade the station alerting system to a modern system which has the capability to turn on the lights in the station, open the garage doors, and turn off cooking appliances in the stations.

Parking (Total FY 2013-14 Funding: \$632,000)

Poinsett Garage Rehabilitation (\$632,000): Project will renovate the Poinsett Garage, including waterproofing, painting, structural repairs, and replacing gate equipment.

General Government (Total FY 2013-14 Funding: \$646,000)

Phone System Replacement (\$220,000): Project will replace the City's phone system with a voice over internet protocol system.

Central SQL Platform (\$245,000): Project will replace the SQL server environment with current hardware, software, and licensing to bring the City into compliance with Microsoft licensing requirements.

Roof Replacement (\$181,000): This project provides for the replacement of approximately 30,000 square feet of roofing at the Municipal Court, Nicholtown Community Center, and Public Works Office Building.

RELATIONSHIP TO OPERATING BUDGET

The City's Operating Budget provides for services of a recurring nature and funds these services with recurring revenues. Some of these expenditures are for "operating" capital outlays, defined as any item with a useful life greater than two years and a unit cost of \$5,000 or more. The nature of capital items such as vehicles and equipment requires that they be planned for and replaced on a recurring basis. The Operating Budget is the medium chosen for their replacement.

The impact of the CIP on the Operating Budget is reflected in three areas:

- Pay-as-you-go financing reflected in the Operating Budget, which impacts fund balance or available funds for operating needs;
- Debt service payments on any bond instrument that may be issued to finance capital improvements; and
- Staffing and other operating expenses that may be required once a capital improvement is completed.

PROJECTED OPERATING BUDGET IMPACT

The Capital Improvement Program projected that the following personnel and operating expenses might be necessary to maintain and operate the projects in the CIP. Please note that not all items listed in the subsequent schedules were funded due to the availability of funds. The subsequent schedules are solely a projection and are subject to appropriation by City Council and the availability of funds.

SUMMARY OF ADDITIONAL OPERATING COSTS

| | FY 13/14 | ***** | **Planning Ye | ars Only***** | **** | TOTAL |

DEBT MANAGEMENT

The City maintains an active debt management program to facilitate achieving the City's long-term goals, reinvest in capital infrastructure, and promote public-private partnerships. The City's use of long-term debt and pay-as-you-go financing allows the City to have a flexible Capital Improvement Program that allows the organization to achieve its goals, while protecting its long-term financial position. As a result of prudent debt management, the City maintains high General Obligation bond ratings from each major rating agency:

Moody's Investors Service: AA+ Standard and Poor's: Aaa Fitch Ratings: AAA

The City's debt management practices are governed by the City's debt management policy (see page J-31), which promotes judicious use of debt. The City's debt management policy proscribes all policies and procedures related to debt to assure compliance with all applicable laws and to protect the City's financial position.

CONSTITUTIONAL DEBT LIMIT

Title 5, Chapter 21, Article 1 of the Code of Laws of the State of South Carolina states that "the constitutional debt limit of a municipality may not exceed 8 percent of the locality's assessed valuation. Debt in excess of the limit must be authorized by a majority of qualified electors."

This limitation applies only to General Obligation indebtedness. Revenue bonds, tax increment bonds, certificates of participation, and capital leases are not subject to this limitation.

LEGAL DEBT MARGIN

| | 6/30/2012 <u>Actual</u> | 6/30/2013 <u>Estimate</u> | 6/30/2014 <u>Estimate</u> |
|--|---|---|---|
| Assessed value Merchants' inventory for debt purposes Total assessed value | \$ 356,932,928 9,169,930 366,102,858 | 363,442,750 9,169,930 372,612,680 | 375,946,094 9,169,930 385,116,024 |
| Statutory debt limit based on 8% of total assessed value | 29,288,229 | 29,809,014 | 30,809,282 |
| Less, amount of debt applicable to debt limit | 10,208,000 | 9,915,000 | 12,976,000 |
| Legal debt margin | \$ 19,080,229 | 19,894,014 | 17,833,282 |

SUMMARY OF DEBT PAYMENTS

Debt service is budgeted in the applicable fund for repayment. The following chart summarizes the principal and interest budgeted this year for each of the City's debt issues:

| SUMMARY OF DEBT PAYMENTS | | | | | | | | |

COMPLIANCE WITH DEBT MANAGEMENT POLICY

Since adoption of the revised Debt Management Policy, the City is in compliance of the following features:

- 1. Total debt-related expenditures in the General Fund are below 20% (2.31%).
- 2. General Obligation debt has not been used to support enterprise functions.
- 3. Current General Obligation debt outstanding is below the 8% legal margin required by State law.
- 4. No debt has been issued to support operating deficits.
- 5. Long-term debt service has been modeled in the five-year financial forecast and all new long-term debt issues have been included in the Capital Improvement Program.
- 6. The City has complied with all arbitrage requirements and no rebate was necessary.
- 7. The City has met its disclosure requirements to applicable parties.
